## *Education:*

**Hunter College** (Expected Graduation: December 2023): B.A in Computer Science

*GPA:* 3.4 / 4.0

**High School of Telecommunication Arts and Technology** (Graduation: June 2019), Brooklyn, NY

## *Work Experience:*

**Store Manager - Perez Grocery - Jan. 2017 to Present**
- Ensure overall condition of store environment is up to standards
- Tend to customers and store products
- Perform administrative duties:
  - Process orders and incoming product shipment
  - Manage staff, payroll, and work hours
  - Monitor/analyze costs and profits

**Student Tutor - High School of Telecommunication Arts and Technology - Sept 2018 to June 2019**
- Assisted students with homework, reviewing lessons/assignments, and preparing for upcoming tests
- Developed lesson plans and progress sheets to monitor and ensure students were on track

## *Projects:*

**NFT Floor Tracker [Code]**
- Developed a NFT price tracking bot using python that highlights the feature of real-time price updates for specified NFT collection, allowing users to stay informed

**Personal Portfolio Website [Code|Link]**
- Designed and developed a dynamic personal website that showcases my portfolio. Utilizing HTML, CSS, JavaScript, and React, the website presents a professional and user-friendly platform for potential employers or clients to view and interact with my projects.

**Fitness App Api [Code]**
- Developed a REST API using Python Flask and built data storage models. Set up a local MySQL server with Docker for development. Implemented JWT for secure authentication.

## *Technical Skills*

**Languages:** Python, C, C++, React, Html, JavaScript, CSS, Java

**Skills:** Git, Data Structures, Algorithms, Networking, Figma, SQL
